

Program Information

GRADE 6 GLOSSARY INDEX

	Packet Location		Packet Location
absolute value	10	like terms	6
area	2, 9	line plot	1
base (in exponential notation)	6	lowest common denominator	2
base (of a polygon)	9	mean	1
base (of a solid figure)	9	mean absolute deviation	1
box plot	1	measure of center	1
coefficient	6, 7	measure of spread	1
composite number	2	median	1
conjecture	4	metric units	3
constant term	6	mode	1
conversion rate	3	multiple (of a number)	2
coordinate plane	7, 10	multiplication property of 1	4, 5
customary units	3	multiplicative identity	4, 5
dependent variable	7	multiplicative identity property	4, 5
distributive property	6, 8	natural number	2
dividend	4	net	9
division	4	opposite of a number	10
division with remainder	4	outlier	1
divisor	4	parallelogram	9
dot plot	1	percent	5
double number line	3, 7	percent of a number	5
equation	6, 7, 8	plane	9
equivalent expressions	6, 8	polygon	9
equivalent fractions	5	prime factorization	2
equivalent ratios	3	prime number	2
evaluate	6, 8	prism	9
evaluate an expression	6, 8	pyramid	9
exponent (in exponential notation)	6	quadrants	10
exponential notation	6	quartiles	1
expression	6, 7, 8	quotient	4
factor (of a number)	2	range (of a data set)	1
five-number summary	1	rate	7
greatest common factor	2, 6	ratio	3, 5
histogram	1	rational numbers	10
independent variable	7	reciprocal	4
inequality	8	rectangle	9
input-output rule	7	reflection	10
integers	10	relatively prime	2
interquartile range	1	right rectangular prism	9
least common multiple	2	simplify	6, 8

**GRADE 6
GLOSSARY INDEX
(Continued)**

	Packet Location
solid figure	9
solution to an equation	8
solve an equation	8
square	9
square number	2, 6
statistical question	1
substitution	8
surface area	9
tape diagram	3, 8
terms	6
trapezoid	9
triangle	9
unit price	3, 7
unit rate	3, 4, 7
value of a ratio	3
variable	6, 7
vertex	9
volume	9
