

Dear Parent or Guardian,

This year, your student will take a mathematics course that fully aligns with the Common Core State Standards in Mathematics for Grade 6. An important part of being prepared for the class includes having supplies. Here is a list of recommended supplies. Thank you in advance for helping your students assemble and bring these supplies to class when needed. If there are items on this list that you are unable to purchase or find, please let me know and I will arrange for the school to supply them.

Thank you,

STUDENT SUPPLIES	QUANTITY
