

NATIONAL LOVE A TREE DAY!

Do you love trees?

Did you know that May 16 is National Love a Tree Day?

Did you know that California has the tallest trees in the United States?

That's right! We have giant Redwood Trees in many of our parks in northern California.

In Muir Woods near San Francisco, at Redwood National Park, one of the Redwood trees is:

- 115.92 meters tall.
- The diameter of its trunk is 7 meters.

1. A 30-story building is 108 meters. How many times taller is the height of the Muir Woods Redwood Tree than the 30-story building?
2. The tallest building in the United States is One World Trade Center in New York City. It is 541 meters tall or _____ times as tall as the Muir Woods Redwood Tree.
3. What is the circumference of the trunk of the Muir Woods Redwood Tree?
4. How many times greater is the circumference of the trunk of the Muir Woods Redwood Tree than your bike wheel or the wheel of a family car?
5. The height of a standard desk is 73.66 centimeters. How many times greater is your height than the height of a standard desk?
